*Lift usage - https://jsfiddle.net/ShashiHans/mw946dyr/4/*

**Express JS, Node JS, Mongo DB**

**React JS**

## EDUCATION

**Matriculation (10th),** *Bishop Westcott Boys' School* ↗
2003 – 2004
Ranchi, India
No other choice apart from passing.

**Intermediate (10+2),** *Bishop Westcott Boys' School* ↗
2004 – 2006
Ranchi, India
Just took the science stream like every other typical student and enjoyed my school days.

**Bachelor of Arts (Political Science),** *Ranchi University* ↗
2006 – 2010
Ranchi, India
With the dream of govt. job I pursued my undergraduate degree. But now dreams differed.

**Diploma in Computer Application,**
*Job Oriented Training Centre* ↗
09/2009 – 01/2010
Ranchi, India

**Javascript Programming Certification,** *Study section* ↗
10/2022
online
Javascript Programming Foundation Course

## CAREER BREAK

### Civil Service preparation

I began preparing for the UPSC in my hometown Ranchi. Since I could not pass the exam, family and friends recommended my parents to send me to Delhi to prepare better for UPSC. One year after preparing, I returned home. I gave it a last try in 2016 and realized it wasn't for me. Then I focused on state civil service JPSC. I cleared the preliminary exam but can't make it to the final. The selection process was too long taking 2-3 years for single recruitment. So, instead of waiting for another couple of years, I quit the world of government jobs. Yet I learned general knowledge and **patience** during this period.

2011 – 2022
Ranchi, Delhi, India

### Parent caretaking

Since I returned home in 2017, I stayed at home taking care of my parents and grandparents. The Father's pension was enough, so I helped with household work along with my exam
preparation. During this period I became a person with **patience**, a **good listener**, a **caretaker**, and developed **time management** skills.

2016 – 2022
Ranchi, India
